

Seventeen Riders gathered for the Snowball Geesvang Ride, definitely the smallest pack for any 2011 ride. Whatever the reason it was still very pleasant and served a greater purpose.

Norman was Head Captain and his Marshal pack consisted of Mac, Peter, Pieter and Heather. Lead was Coen while Barry acted as Sweep. Dr Ridley was the Safety Officer and Keith Biker Buddy.

The route took us along the R21 to the Gold Rand dealership in Boksburg where we had coffee and cappuccinos. It was nice to see a dealership in action and some buying and lots of browsing took place. After coffee we were joined by 16 Gold Rand riders for the ride back to Pretoria.

Several of the Gold Rand riders commented on how nice it was to ride in a "well oiled pack" as they are not used to Marshalled rides. I think we too often take for granted how lucky we are that the group of marshals are there every ride to make things easy for us.

Brunch was enjoyed at the Waterkloof Dros.
